

# Wayne V. Black

## SCHOLARSHIP AWARD

In 2006, the Board of Directors of the Energy Telecommunications & Electrical Association established the Wayne V. Black Scholarship Award.

Mr. Black, a former partner in the Washington, D.C. law firm of Keller and Heckman LLP, graduated from the University of Missouri in 1959. He began his career at the firm as a Federal Communications Commission licensing specialist, before receiving his law degree from the George Washington University and becoming an attorney in 1964.

Since 1964, Mr. Black has been representing oil and gas companies, electric utilities and others before the FCC and elsewhere on a wide variety of telecommunications matters. Among other things, he has assisted countless energy companies in securing radio authorizations and waivers, participating in FCC rulemaking proceedings, and representing their interests before the Commission, the courts and the United States Congress. He has served as the General Counsel of ENTELEC since the late 1970s.

In recognition of his many years of service on behalf of ENTELEC, the Board of Directors has determined to establish a lasting tribute to Mr. Black with the creation of an annual scholarship in his name.

Established in 1928, the Energy Telecommunication and Electrical Association (ENTELEC; [www.entelec.org](http://www.entelec.org)) is the premier association providing a forum for SCADA, Automation and Communications technologies in the energy industry. As a global authority on the industry, ENTELEC empowers professionals to increase their organizational value through education and networking opportunities.

Through its strategic plan, *Staying Ahead of the Curve*, ENTELEC is committed to providing quality educational programming for all levels of energy professional from novice to executive. The creation of the Wayne V. Black Scholarship Award is consistent with this goal.

### Past Winners

2010	Sarah Fogle	University of Colorado at Colorado Springs	Information Tech.
2009	Gretchen Heberling	University of Wyoming	Engineering
2008	Richard Negri	Morgan State University	Civil Engineering
2007	Ambrel Mitchell	Southern Methodist University	Engineering
